Subject: Century Mine: As-Built Quantities

Mark,

Attached is a table of the final species and quantities for the Century Mine project. The species are listed in the same order as originally found on Table 1 of the plans. Any changes are denoted next to plant name. i.e., in the shrub-wet meadow habitat zone we substituted alder for silky dogwood. So on the list alder has an asterisk next to it.

I hope this is clear. Let me know if you have any questions.

Mike
